

SAFE ZONES

BY DR. RALPH STEELE

SAFE ZONE: I am asking all men and women to join me in my developing a **SAFE ZONE**. What is a safe zone? It is a space or a place where no one commits violence against women and children or anyone. Please men and women do this before you commit a violent act against anyone especially women and children. **1. Have safe thoughts-thoughts that lead you to refuse to commit violent acts against anyone. 2. Have safe thinking-thinking that does not include violence as an appropriate response. 3. Then decide and you determine that you will perform a safe appropriate response that has absolutely NO VIOLENCE AT ALL. We all are responsible and accountable for ensuring SAFETY FOR WOMEN AND CHILDREN. I beg you men first to DECLARE YOU WILL NOT HARM OR HURT ANY WOMEN OR CHILDREN!!! Men YOU can Create a SAFE ZONE simple by not committing violent acts especially against women and children, but actually NO ONE. Remember Real Men don't hurt or harm a woman or a child under any circumstances. Please join me in creating SAFE ZONES FOR ALL OF HUMANITY but especially for women and children. If you have any thoughts to hurt or harm a woman or a child please call me before you do 817 729 0543, Dr. Ralph Steele**
